2006 Fall Specialty Raffle	\$345
2006 Tim Jorstad Memorial Fund	<u>\$395</u>
TOTAL	\$1026

This balance provides a slight cushion to handle unexpected medical bills and costs.

2007 Current case(s) description:

Two 6 month old pups were surrendered (no pedigrees available, not AKC registered). They were fostered by us and placed within a week of being turned over! Their spay and neuter and vaccination costs were covered by their adoption fees so we are starting off the year EVEN with our new cases!

Thank you all for your generous support of rescue! Our numbers were lower this year and I have to believe it is because of reputable planned breedings and responsible ownership in the state! And we have the RSVC to thank for their leadership in that! Thank you for playing your part to help this breed and those dogs that are unwanted by their owners! We are truly grateful for your help and support!
